Date Time

Agreement for Service and/or Repair

1. Interpretation & Definitions

"Agreement" means these Conditions together with any Estimate and/or Quotation, Invoice and any other schedules identified as included by the Company;
"Company" means the Porsche centre as named overleaf providing the service or repair;
"Conditions" means these terms and conditions and any reference to a Condition means a particular one of these Conditions;
"Customer" means the customer as named overleaf;
"Estimate" means any estimate prepared pursuant to Condition 2
"Goods" means the goods or parts used in the Work;
"Importer" means Porsche Cars Great Britain Limited;
"Invoice" means the invoice issued to the Customer in respect of the Work/supply of Goods;
"Manufacturer" means the manufacturer of the Goods;
"Price" means the total price for the Work, the Goods and any storage and/or towing costs;
"Quotation" means any quotation prepared pursuant to Condition 3
"Vehicle" means the vehicle in respect of which the Work is carried out;
"Work" means any service or repairs carried out on the Vehicle.

2. Health and Safety

Upon Delivery of the Vehicle to the Company the Customer shall immediately inform the Company of any circumstances or matters known to him which render the Vehicle unsafe or in a hazardous condition.

3. Estimates/Quotations

3.1 All Estimates and/or Quotations for Work to be carried out are valid for 14 days from the date thereof.

3.2 If the Customer deposits a vehicle with the Company for the purpose of the Company preparing an Estimate then a storage charge based on the Company's current storage rates (details of which are available on request) will be made to the Customer operating from the fifteenth day unless the Estimate is accepted by the Customer within 14 days of its despatch by the Company, or the Vehicle is removed from the premises of the Company by the Customer within that time.

4. Amendments to Agreement

4.1 All prices quoted by the Company for the Goods are based on the prices current at the time of preparing the Estimate and the Company reserves the right to increase such prices to the Customer if the price to the Company is increased between preparing the Estimate and obtaining the Goods in order to carry out the Work.

4.2 The Company reserves the right to increase the price from that given in the Estimate or Quotation should additional Work be found to be necessary on dismantling the Vehicle provided that the Customer is given prior notice of such additional Work. Any variation agreed between the Company and the Customer in the work to be carried out shall be deemed to be an amendment to this Agreement and shall not constitute a new agreement.

5. Time not of Essence

5.1 The Company will use its best efforts to carry out the Work in the timescale notified to the Customer but time shall not be of the essence and no liability is accepted by the Company for any delays.
 5.2 Notwithstanding Condition 5.1, for the purposes of Conditions 6, 7 and 11 time shall be of the essence.

6. Completion of Work and Payment

6.1 The Company reserves the right to sub-contract all or any of the Work.
 6.2 Work shall be deemed to be completed when the Customer is advised by the Company that the Work is complete.

6.3 When the Work has been completed the Customer must pay the Company the Price before the Vehicle may be removed from the premises.

6.4 When the Work has been completed and the Price has been paid, the Customer must take delivery ("Delivery") by either collecting the Vehicle from the Company's premises, arranging for the Vehicle to be collected or by taking delivery of the Vehicle (when Delivery will take place upon the Vehicle leaving the Company's premises).

6.5 If the Customer fails to pay the amount due and / or fails to collect the Vehicle within 7 days of being advised that the Work is complete, the Company will charge for storage at its current storage rates (details of which are available on request).

6.6 If the Customer is in breach of any obligation in this Agreement to collect or take Delivery of the Vehicle, the Company may serve on the Customer notice ("Notice") by registered post or recorded delivery pursuant to the Torts (Interference with Goods) Act 1977 (the "Act") of its intention to sell the Vehicle upon the expiry of three months from the date of the Notice. If the Customer shall fail within such period to pay all monies due to the Company and take Delivery of the Vehicle the Company may sell the Vehicle. Upon any such sale the Company shall pay the balance of the proceeds of sale to the Customer after the deduction of all monies due to the Company, interest on overdue amounts and all costs of sale.

6.7 Failure to pay all monies due to the Company upon the expiry of three months from the date of the Notice constitutes breach by the Customer of their obligation to take Delivery of the Vehicle for the purposes of section 12(1) of the Act.

7. Payment and Interest

7.1 The Customer shall pay the Price, together with any further payments due under the Agreement, in full without any deduction whether by way of set-off, counterclaim, discount, abatement or otherwise unless the Customer has a valid court order requiring an amount equal to such deduction to be paid by the Company to the Customer.

7.2 If the Customer fails to pay the Company the Price, together with any further payments due under the Agreement by the due date for payment (which shall be no later than on collection or prior to delivery of the Vehicle following completion of the Work), then the Customer shall pay interest on the overdue amount at the rate of 2% per annum over the base lending rate from time to time of Lloyds TSB Bank Plc. Such interest shall accrue on a daily basis from the due date until the date of actual payment of the overdue amount, whether before or after judgment. The Customer shall pay the interest together with the overdue amount.

7.3 The Company reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.

8. VAT

Notwithstanding any sum for Value Added Tax ("VAT") specified overleaf, the sum payable by the Customer in respect of VAT shall be such sum as the Company becomes legally liable for at the time that the taxable supply occurs.

9. Retention of Title and Risk

9.1 The Goods used in the Work shall remain the property of the Company until the Price has been discharged in full.

9.2 A cheque accepted by the Company in payment shall not be treated as a discharged until the same has been cleared. Nothing herein shall be construed so as to bind the Company to accept a cheque as payment for Goods or Work.

9.3 The Company retains a lien over the Vehicle until the Price has been discharged in full and any cheque presented in payment has been cleared.

9.4 Any Goods and the Vehicle itself are at the risk of the Customer immediately upon Delivery.

10. Repaired or Replaced Parts

10.1 All parts replaced during the Work, except those that have to be returned to manufacturers or suppliers under warranty or service exchange arrangements (the "Replaced Parts"), may, on request, be retained by the Company for the Customer until the time when the Vehicle is collected or delivered.

10.2 Save for Work carried out under warranty, the Company shall obtain the Customer's express permission to repair or fit repaired units where new parts quoted for are unavailable or not obtainable within a reasonable time.

11. Return of Goods

11.1 No Goods will be accepted for credit unless returned within 5 working days of collection or delivery in their original condition and packaging quoting the relevant invoice number. All new Goods returned for credit are subject to a 20% handling charge. Goods specially ordered cannot be returned for credit.

11.2 Exchange items must be returned in their original condition and packaging within 7 days of delivery or collection.

12. Factory Reconditioned Units

In the event of a factory reconditioned unit being fitted a surcharge may be made pending examination by the manufacturers to confirm that the unit is, in their opinion, fit for reconditioning within any exchange scheme. If the unit is accepted for reconditioning and the manufacturer's credit note is received, the surcharge will be cancelled.

13. Limits of Liabilities

13.1 The Company is only responsible for loss of or damage to the Vehicle or its accessories or contents caused solely by the Company's negligence. The Company advises the Customer to remove from the Vehicle all items of value not related to the Vehicle. Except in respect of death or personal injury, the liability of the Company to the Customer shall be limited to direct loss (excluding direct and indirect loss of profit and/or any other kind of economic loss), damage, cost or expense and shall be limited to the price of the Work and/or Goods in respect of any one event or series of connected events.
 13.2 The Company shall not be liable to the Customer for any loss or damage occasioned by the release of the Vehicle to any person who settles any outstanding part of the Price provided always that such persons shall have held themselves out as duly authorised by the Customer to have possession of the Vehicle.

14. Customer's Insurer

In the event that the Company carries out Work and/or supplies Goods on the authority of the Customer's insurer, the Customer's insurer will be deemed to be the Customer and all references to the Customer will be construed accordingly save that this provision will not relieve the Customer from liability to pay to the Company any amount due for the Work and/or Goods which is not recovered or recoverable by the Company from the Customer's insurer.

15. Warranty

15.1 The Company warrants that all genuine Porsche parts fitted to the Vehicle will be free of defects in accordance with the provisions of the Manufacturers warranty a copy of which is available on request. In respect of any other parts fitted the Company assigns to the Customer the benefit of the applicable Manufacturer's warranty.

15.2 The Company warrants the Work is free of defects for a period of 3 months or 3,000 miles whichever occurs sooner, from the date of completion of the Work.

15.3 Liability under this Condition is wholly excluded if the Vehicle has been:

- (a) used for competitions, racing or record attempts or otherwise than for the private or commercial use of the owner or other authorised users;
- (b) abused in any way or damaged by wear and tear, neglect, rust, improper use or failure to maintain in accordance with the manufacturer's recommendations;
- (c) damaged in any subsequent accident; and/or
- (d) installed with parts) the use of which has not been approved by the Manufacturer or the alteration of Goods in a manner not approved by the Manufacturer;

15.4 Where new paintwork is required as part of the Work and the metal is found to be corroded or in any way damaged, the Company will take reasonable precautions to prevent the said corrosion or damage from penetrating any new paintwork but no guarantee is provided in this regard. If partial paintwork only is required every endeavour will be made to match the existing colour but no guarantee can be provided for a perfect colour match.

16. Distance Sales

16.1 If the Customer is acting as a consumer in a distance contract (as defined by the Consumer Protection (Distance Selling) Regulations 2000 as amended by the Consumer Protection (Distance Selling) (Amendment) Regulations 2005 (the "Regulations")) then this Condition will apply.

16.2 The Customer may cancel the Agreement (at his own cost) by giving written notice of the cancellation of the Agreement: (a) where the Agreement is for the supply of Goods, up until the expiry of the period of seven working days beginning with the day after the day on which the Customer receives the Goods and (b) where the Agreement is for Work to be carried out, up until the expiry of the period of seven working days beginning with the day after the day on which the Agreement is concluded except where the Works have commenced within such seven working day period.

16.3 The Customer is under a duty to retain possession of, take good care of and return (at his own cost) any returnable Goods in their original condition and packaging.

16.4 If the Customer cancels the Agreement in accordance with this Condition 16 and the Company has received the Price from the Customer, the Company shall within 30 (thirty) days of the date of receipt by the Company of the notice of cancellation and receipt of the Goods where applicable, reimburse the Price (or part thereof received) to the Customer.

17. Data Protection

17.1 The Data Controllers are the Company and the Importer.

17.2 The information about the Customer stated in the Agreement, details of any credit or debit card(s) used by the Customer and data received from third parties such as credit reference agencies will be used by the Data Controllers for a number of purposes including the provision of services (including any after sales services and to improve the Company's systems), marketing, market research and statistical analysis; staff training and to disclose information about the Customer for the following other purposes: (i) to third party agencies and other organisations for credit checking purposes and to carry out automated credit risk checks, (ii) to collection agencies and legal representatives for the purpose of collecting any debts due to the Company and/or the Importer, (iii) to disclose information about the Customer to other lenders for the purposes of fraud prevention and detection, (iv) to other companies within the Data Controller's group if appropriate, (v) to regulatory authorities in response to formal request and in response to legislative/court orders, (vi) to fulfil all statutory and regulatory requirements in any jurisdiction and (vii) details of any medical conditions and/or a copy of the Customer's driving licence which may be required by the Company's insurers.

17.3 The Customer has certain rights under the Data Protection Act 1998 in relation to the information that is held about him including: (i) the Customer may request by writing to the Data Controller details of the information held about him and the purpose(s) for which it is held (the provision of such information will be subject to a charge as permitted by the Act) and (ii) the Customer is entitled, by notice in writing, to require the Data Controller to stop using information about him for the purposes of direct marketing.

18. Miscellaneous

18.1 The Company shall not be liable to the Customer if unable to carry out any provision of the Agreement for any reason beyond its control or owing to any inability to procure parts or materials required for the performance of the Agreement. The Company shall notify the Customer as soon as reasonably practicable after circumstances preventing performance arise. During the continuance of such a contingency the Company may, within its absolute discretion, withhold, reduce or suspend performance of its contractual obligations so far as prevented or hindered by such contingency without liability to the Customer for any loss or damage whatsoever suffered directly or indirectly by reason of any such withholding, reduction, or suspension. Should such contingency continue for more than three months either party may cancel the Agreement and, subject to payment for any Goods supplied and Work done pursuant to the Agreement, the Customer may collect the Vehicle and the parties' respective obligations under the Agreement shall be deemed to be discharged.

18.2 If any Condition or part thereof of this Agreement is found by any court or other authority of competent jurisdiction to be invalid, illegal or unenforceable, it shall, to the extent required either apply with the minimum modification necessary to make it legal, valid and enforceable or be deemed not to form part of this Agreement, and the validity and enforceability of the other Conditions of this Agreement shall not be affected.

18.3 The Agreement may not be varied without the express consent in writing of both parties. Any variations so agreed shall not constitute a new Agreement, but shall be deemed to be an amendment of this Agreement.

18.4 A person who is not a party to this Agreement has no right under the Contracts (Rights of Third Parties) Act 1999 to enforce any term of this Agreement.

18.5 All notices about this Agreement shall be in writing and sent to the Company to the physical or email address detailed on the Agreement and to the Customer to the physical or (if it is a company) the registered address or (in any other case) to the physical or email address as shall be notified to the Company. Notices may be sent by pre-paid first class post (which shall be deemed to be delivered on the second business day after posting), or by hand (delivered on the date of delivery) or by email (delivered upon receipt of electronic notification of transmission provided within normal business hours). Nothing contained herein shall affect the Customer's statutory rights.

18.6 This Agreement and any dispute or claim arising out of or in connection with it or its subject matter shall be governed by and construed in accordance with the law of England. Any proceedings arising out of or in connection with this Agreement may be brought in any court of competent jurisdiction in England. The submission by the parties to such jurisdiction shall not limit the right of the Seller to commence any proceedings arising out of these Conditions in any other jurisdiction it may consider appropriate.

I have read, understood and accept the Conditions set out above:

111 Point Check

Warranty type: Regular Warranty

Centre: Porsche Group Operations Centre

The 111 Point Check is the technical test report used to assess the pre-owned vehicle. The condition and functionality of the vehicle must be documented in this Check. Please note that only a technically perfect vehicle can be granted a Porsche Approved Warranty.

A Vehicle data

VIN: WPOZZZ99ZJS167382 Date of new car delivery: 17/07/2018 Internal vehicle no. (if applicable): AY67FKM
 Model/type: 911 GT3 Mileage before testdrive: 734 mls Reg. number: AY67FKM
 Workshop order number: 39033 Transmission type: G9190

Two columns are assigned to each checkpoint, whereby the test result needs to be documented.

OK defective and repaired not applicable
