When you make an application for insurance cover, we require the information provided by you in such application for the purpose of concluding the contract and in order to assess the risk to be assumed by us. If an insurance contract is concluded, we shall process such data for the purpose of performing our contract, e.g., in order to issue your policy or for invoicing purposes. We require the details of your claim, for instance, in order to be able to examine whether an insured event has arisen and the amount of loss suffered.

The conclusion and performance of your insurance contract is not possible without our processing of your personal data.

In addition, we require your personal data for the purpose of generating insurance-specific statistics, e.g. for establishing new tariffs or for the purpose of fulfilling regulatory requirements. We shall use the data from all contracts existing with Real Garant Versicherung AG and Real Garant GmbH Garantiesysteme for the purpose of an overall view of the customer account relationship, for instance for the purpose of advice, contractual adjustment or supplementation, for decisions on gestures of goodwill or for the comprehensive provision of information.

The legal basis for such processing of personal data for pre-contractual and contractual purposes is Article 6 (1) b GDPR.

We shall also process your data in order to protect legitimate interests of ourselves or third parties (Article 6 (1) f GDPR). This may, in particular, be necessary:

- In addition, we shall process your personal data in order to fulfil statutory obligations, such as regulatory requirements, duties under commercial and tax law to retain documentation, or our own duty to provide advice. In such an event, the legal basis of processing shall consist of the respective statutory provisions in conjunction with Article 6 (1) c GDPR.

We may also process your data for the purposes of direct marketing.

In the event that we wish to process your personal data for a purpose not stated above, we shall inform you thereof in advance in accordance with the law.

Categories of personal data recipient

Reinsurers:

We insure risks assumed by us with specialist insurance undertakings (reinsurers). For this purpose, it may be necessary to transfer your personal data collected under our contract and, where relevant, claim details, to a reinsurer in order for the latter to form its own impression as to the risk or the claim in question. In addition, it is possible that the reinsurer may support our company in assessing a risk or benefit as well as in evaluating procedures, based on its particular expertise. We shall transfer your data to the reinsurer only provided this is necessary for the purpose of the performance of our insurance contract with you and only to the extent required in order to protect our legitimate interests.

Brokers:

Insofar as you receive service from a broker in relation to your insurance contracts, your broker shall process your personal data collected under your application, contract and claim details required for the purpose of concluding and performing the contract. Our company shall also transfer the said data to the brokers providing services to you insofar as such brokers require the said information in order to provide services to you and advise you on all insurance and financial service matters.

Duration of data storage

We shall delete your personal data as soon as it is no longer required for the purposes set out above. In this context, we may retain your personal data for the period, during which claims may be made against our company (statutory limitation period of 3 or up to 30 years). In addition, we shall store your personal data when it is our statutory obligation to do so. Private sale of a vehicle

BETA This is a new service - your feedback will help us to improve it

Thank you

The application is being processed

Give the green new keeper slip to the new keeper and destroy the rest of the V5C registration certificate (logbook).

What happens next for you?

- we will send you (the previous keeper) a disposal acknowledgement letter.
- we will automatically issue a refund for any full remaining months of vehicle tax and cancel any direct debit (DD).
- both the disposal acknowledgement letter and refund will be sent to the address on the V5C registration certificate (logbook).
- if you do not receive either within 4-6 weeks, please contact DVLA customer enquiries as you could still be liable for the vehicle.
- you may want to take a print of this summary for your records.

What happens next for the new keeper?

- since 1st October 2014 vehicle tax can no longer be transferred as part of the sale, so the new keeper must tax the vehicle if they want to use it on the road.
- within 5 working days we will send a new V5C registration certificate (logbook) to the new keeper.
- if they do not receive a new V5C registration certificate (logbook) in 2 weeks they must contact DVLA customer enquiries.
